

INCIDENT MANAGEMENT SITUATION REPORT
 SATURDAY, AUGUST 22, 1998 - 0900 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

Moderate initial attack fire activity occurred today. The National Interagency Coordination Center processed orders for a mobile catering unit, lead plane, helicopters, equipment, crews and miscellaneous overhead. A Fire Use Management Team was mobilized to the Nez Perce National Forest. Infrared aircraft flew fires in the Northwest. Very high to extreme indices continue to be reported in Texas, Nevada, Utah, Idaho, Oregon, Washington, California and Arizona.

The Long Range Fire Assessment Reports are now available on the Internet for Florida State and the Northern Rockies, Great Basin and Northwest Geographic Areas. The reports can be downloaded from the NIFC homepage at www.nifc.gov.

NORTHERN ROCKIES LARGE FIRES:

WEST FORK WILDERNESS FIRES, Bitterroot NF. An Interagency Fire Use Management Team (Wallace) is assigned. Fire behavior included torching with increased temperatures and decreased humidities. Structure protection remains in place for historic cabins at Schofield and Horse Heaven. No new information was received.

MILLER CREEK, Rosebud County. This lightning caused fire is a Rosebud County fire with Montana State resources assisting.

PACK TRAIL, Bitterroot NF. The fire is located in Ravalli County. The fire is burning actively in heavy timber in the Anaconda-Pintler Wilderness and has spotted across the wilderness boundary into Bugle Creek. A Type II Incident Management Team (Cowin) will take over today. Current threat is to grazing allotments. Hot, dry weather, strong winds and inaccessible terrain continue to hamper containment efforts.

INCIDENT NAME	ST	UNIT	SIZE	% CTN	EST CTN	TOTAL PERS	CRW	ENG	HELI	STRC LOSS	EST LOSS	\$\$\$ C-T-D

Pack Trail	RF	MT	200	0	UNK	56	2	0	1	0	UNK	20K

EASTERN GREAT BASIN LARGE FIRES:

NORTH FORK COMPLEX, Salmon-Challis NF. A Type I Incident Management Team (Richer) is assigned. These fires are located approximately twenty miles west of Salmon. In addition to the Bear Basin and Sheepeater fires,

Richer's Team assumed control of the Long Tom, Lower Ebb, Upper Ebb, Broomtail, Little Cayuse and Horse Creek Butte fires. The Bear Basin Fire has been contained. Intense fire activity occurred on the Sheepeater Fire with sustained crowning runs. Spot fires were suppressed quickly. Given the area involved and the numbers of fires, no estimated containment and control is available.

MAIN SALMON COMPLEX, Salmon-Challis NF. An Interagency Fire Use Management Team (O'Brien) is assigned. This complex is 40 miles west northwest of Salmon. The complex consists of twelve fires burning in the Frank Church River of No Return Wilderness on the Salmon-Challis, Payette, Nez Perce and Bitterroot National Forests. The Long Knife fire was added to the Complex yesterday. Dry thunderstorms continue over the area. Additional National Weather Service Support arrived to test new generation weather equipment.

DUGWAY, Salt Lake District. This fire is near Dugway, UT.

JACKASS, Salmon-Challis NF. This fire is 30 miles southwest of Salmon. No new information was received.

NORTHWEST LARGE FIRES:

NORTH 25, Wenatchee NF. This fire is located 27 miles northwest of Chelan. Crews are continuing rehabilitation work. No new information received.

SQUARE LAKE, Deschutes NF. This fire is located north of Santiam Pass. A Type II Incident Management Team (Andrade) is assigned. A youth camp at Round Lake, two miles from the incident, remains evacuated and campers have evacuated Square Lake, Booth Lake and Long Lake campgrounds. Campers in crest sites on the Willamette NF side of the Cascades have also been asked to vacate the area. The Pacific Crest Trail north of Highway 20 is closed to entry.

CHICKEN SPRINGS, Burns District. This fire is located twenty-five miles east of Burns, OR. Gusty winds and poor access are hampering control efforts. Helicopter bucket work and a dozer are assisting firefighters.

OUTLOOK:

The weather continues to be mostly sunny, warm, and dry over California, Nevada, southern Oregon and southern Idaho. Partly cloudy conditions and scattered afternoon showers with thunderstorms will prevail over eastern Utah, much of Arizona, New Mexico and Montana. Most of the storms that do develop will be confined to mountain locations. Isolated thunderstorms are also expected over Idaho's central mountains. Temperatures will be in the 70s and 80s over coastal locations and mountains while 80s and 90s will be expected over the interior valleys of the Intermountain Region, the Rockies, Great Basin and interior California. Temperatures will range from the mid 90s to 110 over the deserts of southern California, southern Nevada and Arizona.
